## Why support the Louisiana Association for Health, Physical Education, Recreation and Dance?

Louisiana Association for Health, Physical Education, Recreation and Dance (LAHPERD) was founded in 1934 with the intention to improve the quality of life for the people of Louisiana through health, fitness and recreational activities. LAHPERD is an affiliate of the national organization, AAHPERD, or the American Alliance for Health, Physical Education, Recreation and Dance. The members of LAHPERD consist of teachers, administrators, dance instructors, recreation supervisors, fitness directors, college students, allied health specialists, exercise physiologists, and athletic trainers and are found in sixty-four parishes (counties) and twenty four universities in the state.

Sponsorship opportunities are available for the Summer Leadership Development Conference (LDC) in June 2016 and the LAHPERD Conference in January 2017.
